The USC Stevens Student Innovator Showcase will take place outdoors on the southwest lawn of the Allan Hancock Foundation Building (AHF) along Trousdale Parkway. There will be some shading from umbrellas and tenting, but we recommend being prepared with a hat and sunscreen.

**Getting to the Showcase**

**By Car:** The USC campus is located about 2 miles southwest from Downtown and 1 mile from the intersection of the Santa Monica Freeway (I-10) and the Harbor Freeway (I-110). The most convenient freeway exit is from I-110 onto Exposition Boulevard. At the end of the exit you will see the campus on the right-hand side one block down the street. Another convenient access is to exit from Santa Monica Freeway (I-10) on Vermont south to Jefferson Boulevard.

**By Metro:** Take the Metro Expo Line to Expo Park/USC Station and walk toward Trousdale Parkway.

**Parking**

The nearest parking lots are the USC Figueroa Street Parking Structure (3450 S. Figueroa Street) and the McCarthy Way Parking Structure (620 USC McCarthy Way) for $14 per day and payable in cash or credit card at the entrance. Space is very limited, so arrive early. Because it is Trojan Family Weekend, plan for a 15-minute delay at the parking entrance.
